

## § 635.16

copy of the Atlantic shark dealer permit to NMFS or NMFS' designee at the workshop.

[71 FR 58166, Oct. 2, 2006, as amended at 73 FR 38153, July 3, 2008]

### Subpart B—Limited Access

#### § 635.16 [Reserved]

### Subpart C—Management Measures

#### § 635.20 Size limits.

(a) *General.* The CFL will be the sole criterion for determining the size and/or size class of whole (head on) Atlantic tunas for a vessel that has been issued a limited access North Atlantic swordfish permit under § 635.4. The LJFL will be the sole criterion for determining the size of whole (head on) North Atlantic swordfish for a vessel that has not been issued a limited access North Atlantic swordfish permit under § 635.4. If the head or tail of an North Atlantic swordfish has been removed prior to or at the time of landing, the CK or minimum weight standard shall be applied in all cases.

(b) *BFT size classes.* The size class of a BFT found with the head removed shall be determined using pectoral fin curved fork length (PFCFL) multiplied by a conversion factor of 1.35. The CFL, as determined by conversion of the PFCFL, will be the sole criterion for determining the size class of a beheaded BFT. The conversion factor may be adjusted after consideration of additional scientific information and fish measurement data, and will be made effective by filing with the Office of the Federal Register for publication notification of the adjustment.

(c) *BFT, bigeye tuna, and yellowfin tuna.* (1) No person shall take, retain, or possess a BFT, bigeye tuna, or yellowfin tuna in the Atlantic Ocean that is less than 27 inches (69 cm) CFL;

(2) Applying the conversion factor from PFCFL to CFL for a beheaded BFT in § 635.20(b) means that no person shall retain or possess a BFT, with the head removed, that is less than 20 inches (51 cm) PFCFL.

(3) No person shall remove the head of a bigeye tuna or yellowfin tuna if

## 50 CFR Ch. VI (10–1–08 Edition)

the remaining portion would be less than 27 inches (69 cm) from the fork of the tail to the forward edge of the cut.

(d) *Billfish.* (1) No person shall take, retain or possess a blue marlin taken from its management unit that is less than 99 inches (251 cm), LJFL.

(2) No person shall take, retain or possess a white marlin taken from its management unit that is less than 66 inches (168 cm), LJFL.

(3) No person shall take, retain or possess shoreward of the outer boundary of the EEZ a sailfish taken from its management unit that is less than 63 inches (160 cm), LJFL.

(4) The Atlantic blue and white marlin minimum size limits, specified in paragraphs (d)(1) and (d)(2) of this section, may be adjusted to sizes between 117 and 138 inches (297.2 and 350.5 cm) and 70 and 79 inches (177.8 and 200.7 cm), respectively, to achieve, but not exceed, the annual Atlantic marlin landing limit specified in § 635.27(d). Minimum size limit increases will be based upon a review of landings, the period of time remaining in the current fishing year, current and historical landing trends, and any other relevant factors. NMFS will adjust the minimum size limits specified in this section by filing an adjustment with the Office of the FEDERAL REGISTER for publication. In no case shall the adjustments be effective less than 14 calendar days after the date of publication. The adjusted minimum size limits will remain in effect through the end of the applicable fishing year or until otherwise adjusted.

(e) *Sharks.* All sharks landed under the recreational retention limits specified at § 635.22(c) must have the head, tail, and fins attached. All sharks, except Atlantic sharpnose and bonnethead sharks, landed under the recreational retention limits specified at § 635.22(c) must be at least 54 inches (137 cm) FL.

(f) *Swordfish.* (1) No person shall take, retain, or possess a north or south Atlantic swordfish taken from its management unit that is less than 29 inches (73 cm), CK, 47 inches (119 cm), LJFL, or 33 lb (15 kg) dressed weight. A swordfish that is damaged by shark bites may be retained only if the remainder of the carcass is at least 29
